

ELECTRICS & ELECTRONICS 2012-13

CATALOGUE SUPPLEMENT:
sensors, actuators, switches, regulators and ignition coils

State-of-the art products require state-of-the-art communication platforms

This new catalog is designed to provide new ways to find HELLA products and learn more about them. It is easy to use, secure and always up to date. Whatever you're looking for, we're sure to have the right part for you.

For **vehicle-specific parts**, please use the HELLA Online Catalog for the most flexible search options and up-to-date information. Whatever you are looking for, the search system will ensure that you find the information you need in the fastest possible time. Depending on your requirements, you can search by vehicle or by a number of other criteria including the article number, OE number, or other reference values. In addition to a wide range of basic details, the online catalog also provides additional information and links to related documents.

Discover the benefits:
www.hella.com/catalogue

You can use the HELLA **Universal Parts** Catalogue to search for universal products. This provides immediate access to current products from the areas of Lighting, Electrics/Electronics and Thermal Management for trucks, trailers, agricultural and construction machinery, buses and caravans. You can also search for universal parts such as lamps and installation materials in separate directories. The „Highlights“ section rounds off the services on offer. Here, you can find additional information and details about our product range, workshop concepts, sales support, technical services, and logistics (product availability).

You can find the Hella Universal Parts Catalog online at www.hella.co.uk under Products & Services.

Sensors	1.01 - 1.262
Actuators	2.01 - 2.73
Switches	3.01 - 3.84
Regulators, Alternator	4.09 - 4.18
Ignition Switches	5.01 - 5.14
Overviews	6.01 - 6.82

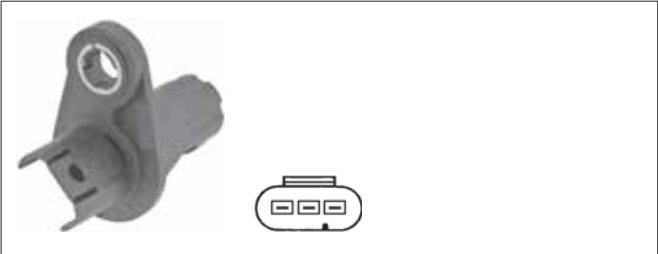

The catalogue contains an application overview. The vehicle application overviews can be found in the Hella Online Catalogue and TecDoc.

Note:
The original numbers listed in the manufacturer number - Hella number comparison serve exclusively for comparison purposes and are not to be used otherwise.

Speed Sensors	Sensors, Camshaft Position Sensors, Crankshaft Pulse Sensors, Ignition Pulse Sensors, Speed/RPM	1.02 - 1.24 1.24 - 1.68 1.68 - 1.77 1.77
Mass Airflow Sensors		1.78 - 1.108

LET'S OVERCOME CHALLENGES TOGETHER!

HELLA can help you overcome the increasing number of challenges presented by ever more complex vehicle electronics. With our line of diagnostic and service equipment, we support all areas from traditional maintenance to high-tech tasks. You benefit from the expertise of the diagnostics specialists at Hella Gutmann Solutions and Hella's broad experience in the key automotive fields of lighting, electrical systems, electronics, and thermal management. Trust in Hella for precise and reliable headlamp adjusters, professional battery service, and a comprehensive line of air conditioning tools and servicing equipment.

Let's take on the future together!
